

Linking with Kindo

Our online Kindo shop links to our schools records, and we've noticed you've not yet linked your family account. This could be for three reasons:

- You have not yet created your myKindo account, or
- You have not yet added your student to their new organisation, or
- Your myKindo account email address does not match the email we have for you at school.

Create an account:

1. Visit mykindo.co.nz or scan the QR code.
2. Create an account.
3. You will be able to see outstanding payment requests and make part or full payments.

Check your account:

1. Login at mykindo.co.nz or via our app.
2. Add the member on 'my details'.
3. You will then see a message asking you to [Complete Setup](#). Please click and follow the steps on the screen.
4. If you receive an error go to 'my details' to check your email address matches the one we have for you at school.
5. If the emails differ, you can update either your myKindo account, or contact the school to update your school records.

 We have detected one or more students that are not linked to school records. Completing setup will ensure you have visibility of all school payment requests.
